Subject: northern Route for Drogheda

We badly need the Northern route entry into and out of Drogheda built. The Dublin road is becoming a car park. Dundalk got their by-pass built 12 years ago, why the big delay in Drogheda? How can the Docks area increase business, the trucks are finding it harder to make their way through the narrow streets of Drogheda. Worse. The increasing amount of fumes from trucks climbing the steep hills of Drogheda are poisoning young children on their way to school etc., Brian.
