To whom it concerns. We wish to lodge our concerns regarding the administrative area for the proposed area. We wish to object in the strongest terms to this change. If the area is given over to Waterford for example it will give total control to Waterford over the finances of Kilkenny which would be disasterous for the future development of Kilkenny. You only have to look at what Waterford city council has done to the city centre to see the level of competence?? that is there.

We are totally against this development .

Yours sincerely,

John and Anna Phelan
