**Subject:** Cycle way

I decided to send this email because I think no one seems to care about the safety of people cycling on rural roads. I live in the north west and have a bicycle that I can not use anymore for fear of being knocked down as drivers don't slow down when passing on the local roads. I really think it is about time people like me can have a safe place to cycle/walk so I am asking for something to be done to open up the Western Rail as a Greenway.
