Dear Sirs,

Re The National Planning Framework Document.

FLAME (Former Local Authority Members Eire) wishes to submit that the Local Govt. Reform Act 2014 which abolished Town and Borough Councils should be repealed, not least of all because of the unconstitutionality of same (see attached) but also because of the destruction which has been caused to Urban Areas as a consequence, a fact which even the Proponents of same now accept.

The NPF must also consider according City Council Status to the former Corporations/ Borough Councils such as Clonmel, Wexford, Sligo, Drogheda etc.

Le Meas,

[REDACTED]

FLAME.
